

WHY TAKE ON FURTHER STUDY IF YOU ALREADY HAVE A MINISTRY QUALIFICATION?

Vocational Christian workers should never stop learning and growing. This is because there is always more to learn from the Scriptures and there are always ways that we can further develop as faithful and effective ministers of the gospel.

Each year, Bible College SA offers a number of courses specifically designed to sharpen, deepen, refresh and further equip those already serving in Christian ministry. We call on international and local experts to teach advanced biblical studies and practical ministry courses that have direct application to real-world on-the-ground ministry.

Each unit of study may be taken for audit (non-assessment) or for credit towards a postgraduate award, such as a Graduate Diploma of Ministry, or a Master of Arts. All units are delivered in intensive, or punctuated intensive, mode to enable busy gospel workers to participate.

2019

MARK IN CONTEXT

17 - 21 June

This course is a study of the Gospel of Mark in its ancient and modern contexts. The focus will be on the historical, literary and theological aspects of the Gospel and students will explore the Jewish world into which it was written. The course will also trace out how Mark constructs his account of Jesus, and will identify the key theological ideas expressed in the story.

**DR JASON
MASTON**

Jason Maston is Assistant Professor of Theology at Houston Baptist University where he teaches courses in the New Testament and Theology. Jason earned his PhD from Durham University where he studied under Francis Watson and he has formerly taught in Scotland at Highland Theological College. His research focuses on the New Testament with particular interests in the Second Temple Jewish context, the relationship of Judaism and Christianity, Christology and anthropology.

This will be Jason's second time teaching a Masters-level intensive at Bible College SA and we are delighted to welcome him back.

- Kingdom-Centred Prayer

DR CAMERON MUNRO

Senior Pastor
Trinity Church Brighton

CITY to CITY
AUSTRALIA

Dr Tim Keller's thought leadership, cultural acuity and practical wisdom are evident across his own ministries and also in the programs that have been produced by City to City to train more faithful and effective ministers of the gospel. Bible College SA is very excited to have an active partnership with City to City that allows us to offer these world-leading courses to our students, including pastors who want to continue growing themselves and their ministry capacities.

DR JEFF PUGH

CHURCH SYSTEMS AND CONGREGATIONAL HEALTH

4 - 8 February

In this unit, Dr Jeff Pugh helps us to understand the dynamics of church life and culture that are often hard to detect for pastors who are deeply embedded within their congregations and traditions. The capacity to analyse congregational systems is critical for leaders who want to drive change and oversee new seasons of positive gospel growth within their churches.
